

Nature Drops

Anti-Wrinkle Revitalizing Serum

Just drops away from younger, smoother skin

Remarkably effective

Nature's Drops is an ingredient-rich cosmetic that combines the most effective essences and oils found in nature for repairing and revitalizing tired or aging skin.

Nature's Drops – Anti-Wrinkle Revitalizing Serum goes to work on creases and wrinkles, actually smoothing, softening and minimizing their appearance. What's more, by maintaining the skin's natural moisture levels, while nourishing and regulating its level of natural oils, **Nature's Drops** not only smoothes existing creases and wrinkles, it helps prevent the development of new ones. And it leaves the rest of the skin with a radiant, velvety finish. A noticeable difference can actually be felt in the texture of the skin, even after the first use!

Nature's natural ingredients.

Nature's Drops is based on unique natural oils extracted from plants and trees that grow in the Holy Land, together with health-enhancing etheric oils known since Biblical times and mineral water from the natural mineral springs of Israel.

Olive Oil - Totally pure olive oil extracted by the natural cold press method from organically grown Galilee olives, provides the basis of **Nature's Drops'** bioactive serum.

Olive oil's known benefits to the skin: softens; reduces infection; soothes burns and irritations including acne, seborrhea, eczema and psoriasis; retards effects of aging; reduces risk of skin cancer from sun exposure; improves skin tone.

Scientific explanations of olive oil's remarkable properties site its high concentrations of vitamins, especially vitamin E, anti-oxidants and anti-inflammatory compounds, all of which enhance the health and appearance of the skin.

Oil of Evening Primrose - Rich in Vitamin F, a vital fatty acid (GLA) important in regulating cell functions and scientifically demonstrated to prevent dryness, cracking, flaccid skin and other effects of aging.

Other oils and extracts – Including pure natural oil of wheat germ and almond oil, etheric oils such as myrtle, myrrh and cedar, and plant extracts from medicinal aescop, grapevines and more.

Results that speak for themselves

This rich array of ingredients combines to form a natural compound that improves the condition of the skin, nourishing, moisturizing and tightening flaccid skin, toning and refreshing, and leaving a younger, healthier appearance. In an economically large presentation with no artificial coloring or additives, and providing an ideal make-up base, the biggest selling point of **Nature's Drops – Anti-Wrinkle Revitalizing Serum** is its results.

Promir

Prolive *Plus* Protective Hand Cream

Prolive *Plus* Protective Hand Cream is based on unique natural oils from seeds, plants and trees, with healing qualities known since biblical times.

Prolive *Plus* Protective Hand Cream is rich in pure natural olive oil from the Galilee, Primrose oil and Evening Primrose all of which have been used in cosmetics for hundreds of years. These ingredients are blended with the mineral-rich water from mineral springs to create a natural product that improves the condition of the skin, nourishes it and moisturizes it, and gives it elasticity, freshness, and a young, healthy appearance.

The cream is unique in that it is a rich, yet light blend that is absorbed rapidly.

It gives the skin a smooth, young appearance, while preserving its natural level of moisture.

Contains active UVA/UVB ray filters.

Concentrated Hand Cream is especially recommended after exposure to the sun and wind, and in cold, arid conditions.

Concentrated Hand Cream does not leave that oily coating that is characteristic of other creams of this type, but is completely absorbed and so is especially suited for use on the hands during delicate work, such as in an office, with paper, computers, etc. At the same time, its effect is long-lasting.

Directions for use: Spread the appropriate amount of cream on hands. Massage until fully absorbed.

White Lily – natural anti-pigmentation cream to lighten skin blemishes based on innovative and natural skin brightening ingredients.

The unique formulas developed after years of research by scientists, chemists, pharmacists and doctors, integrate ancient wisdom with innovative scientific knowledge and concentrated natural ingredients to reduce pigmentation, to remove existing blemishes and prevent the formation of new blemishes.

- White Lily contains UVA/UVB filters, and can therefore be used on a daily basis as a daytime moisturizer to protect the skin against harmful radiation that causes skin spots.
- The active natural ingredients hinder the creation of melanin pigment that causes dark skin spots).
 - Melanin is produced as a reaction to the sun's rays (UVA/UVB).
 - Surplus melanin can be due to a variety of reasons (age, hormonal changes, pregnancy, etc.).

The natural blend of plant extracts and pure natural oils, together with natural fruit acids, works in combination to soften the skin, allowing the active ingredients to penetrate more deeply, and also acts as a kind of gentle peeling – to lighten and remove existing blemishes.

With its delicate, velvety texture, White Lily is pleasant to use and quickly absorbed, to moisturize and nourish the skin, while protecting it against the formation of dark spots.

Contains natural ingredients that are known for their soothing, moisturizing and nourishing action on the skin and prevention of pigmentation spots:

Calendula, green tea, blackberry, pineapple and papaya (containing active enzymes), licorice, white lily and others. Also chamomile, aloe vera, shea butter, lecithin, Dead Sea minerals: improve the skin's elasticity and protect it from loss of moisture.

Contains vitamins and pure natural oils, enriched with Omega 3+6+9, which protect against cell oxidation (anti-oxidants) and rich in natural Vitamin E, such as: olive oil, jojoba oil, wheat germ oil, grape seed oil, sesame oil and more.

Also lemon oil, white lily oil, lavender oil, myrrh oil, peppermint oil, and more.

* All oils are 100% pure and natural, from cold pressing.

Instructions for use: for maximum benefits, after thorough cleansing, apply a small quantity to the affected areas (since the ingredients are concentrated, only a small amount is needed, but **it must be used regularly!**), preferably morning and evening and as required. Massage gently until fully absorbed. Suitable for all types of skin. For best results, use at least once a day, and preferably twice – morning and evening, **every day**. (A usage table is attached for convenience.)

White Lily can be used all over the face for general lightening of the skin.

Contains UVB/UVA filters and moistures and can therefore be used through the day!

* Since the active ingredients are natural, their action is slower but more thorough.

* Optimal results with face blemishes can be expected after 90-150 days (depending on the individual). Blemishes on the body will take a few months longer.

Usage approved by the Ministry of Health: to lighten and bleach skin blemishes – anti-pigmentation and skin lightening.

Licensed by the Israeli and Austrian Ministry of Health - Tested in a recognized laboratory.

For external use only.

Not to be used on children or pregnant women.

* Store below 25°C (room temperature), in a cool, dark place, out of the reach of children and infants.

* Do not expose to direct sunlight, and avoid lengthy exposure to the sun of areas being treated!

* Paraben free – no artificial colors.

Possible side effects: possible redness, dryness and slight peeling, at least in the early days of use. These reactions are natural and temporary. In such cases, continue using the cream only once a day, starting with a very small amount, then gradually increase to twice or more times a day. In cases of dryness, we recommend using a serum and moisturizers containing radiation filters on the affected areas, but wait at least 30 minutes after applying White Lily. If

the effects do not disappear after 30 days, stop using the preparation and contact the Marketing Center for further instructions.

Avoid contact with the eyes. In the case of contact with the eyes, flush thoroughly with water, and if necessary, seek medical assistance.

* As with any cosmetic preparation – sensitivity tests should be carried out: apply to a small area of skin and wait at least 12 hours. If there is no allergic reaction, the preparation may be safely used.

Do not use if there is a known sensitivity to any of the ingredients.

Contains e 1.00 fl.oz., 30 ml. (net weight).

* None of the above constitutes a medical claim. For any medical problem, seek the advice of a physician.

Angel Pure Wash Gel

Angel-Pure Wash Gel

**Natural Antiseptic Body & Facial Active Cleansing Gel
Based on 100% Pure Natural Olive oil & Other natural Oils,
Herbal Extracts and Dead Sea Minerals .**

**A gentle natural cleanser suitable for all types of skin,
especially recommended for:
acne and sensitive or problematic skin.**

Contains 150 ml e 5.25 Fl.Oz (Net.Wt)

Cleansing and purifying the skin is the first step in the treatment of acne and problematic skin. This unique wash gel contains natural grease solvents to cleanse the skin thoroughly yet gently. **Angel-Pure Wash Gel** gently removes dead skin cells with a delicate peeling action, dries up greasy areas, unblocks pores to release trapped sebum that causes acne, and **prevents** the development of bacteria and the formation of scars. **The pH level (acidity) of Angel-Pure is regulated slightly lower than the natural level of skin to destroy bacteria.**

Angel-Pure Wash Gel is rich in natural plant extracts such as : Mallow, Chamomile, Rosemary,

Sage and others - which are known for their vital contribution to the skin and for their natural antiseptic activity and contains no alkalis that can damage the skin. The luxurious gel leaves the skin naturally and delicately scented with the lingering fresh, pleasant scent of natural, aromatic oils. These aromatic oils **combined** with special plant extracts have a strongly antiseptic natural effect.

Benefits of essential oils

Angel Pure contains essential oils such as: tea tree oil (a highly effective antiseptic); lavender oil - which is known for its numerous calming and purifying benefits and is particularly useful for the treatment of greasy skin; Roman chamomile which is rich in azolen known for its calming and antiseptic action; myrrh oil which helps to heal skin infections, scars and outbreaks; citrus oils that treat acne and other skin infections; and many other beneficial oils.

Enriched with natural evening primrose oil and essential fatty acids such as gamma linolenic acid (GLA) also known as vitamin F, which prevents dry, cracked skin and helps to maintain the skin's youthful elasticity. Vitamin F, together with vitamin E found in olive oil and together with the other natural oils (Omega 3+6+9) and plant extracts **produce a noticeable improvement in the skin's condition, giving it a young, healthy and fresh appearance.**

Angel-Pure is the ideal blend of special cleansing ingredients known for their thorough yet gentle action to maintain the skin's natural balance..

-
Instructions for use: Wet the skin. Place a small amount of **Angel Pure** on a sponge or directly on the skin, and lather, while adding water. Rinse well.
May be used several times a day - at least in the morning, and in the evening if required.

Angel Pure Cream

Angel-Pure

Cream to improve the appearance of acne and other skin problems

Based on 100% Pure Olive oil,
Natural Extracts And Dead Sea Minerals.

Angel-Pure for problem skin is made to a unique formula that combines active natural ingredients, olive oil and jojoba oil, herbal extracts and Dead Sea minerals. Herbal extracts such as nettle, rosemary and others are known to stimulate the skin and assist in the formation of new skin cells. **Angel-Pure for problem skin** is enriched with vitamins and natural ingredients that are known in scientific literature to regulate the excretion of excess sebum which is the main problem leading to acne.

The special components of **Angel-Pure for problem skin** allow the cream to penetrate the skin and into the hair follicles where the acne-causing bacteria develop. These active natural substances destroy the acne bacteria completely and heal the wounds. After a very short time the skin becomes smooth once more.

Angel-Pure for problem skin contains natural ingredients such as alpha and beta hydroxyl fruit acids, which play a vital part in the process of healing and balancing acne-damaged skin. They have a gentle peeling action on horny layers of skin and an astringent effect on greasy areas, freeing trapped sebum from the pores, inhibiting the development of bacteria and preventing the formation of scars.

Angel-Pure for problem skin is a light, easily absorbed cream that contains propolis and natural herbal extracts. These herbs and propolis are known in the scientific literature for their strong anti-bacterial properties. Unique natural conductors allow the active substances to penetrate deeply into the skin, destroying the P.acne bacteria completely and leaving the skin clean and free of the main causes of acne.

* Contains vitamins and minerals from the Dead Sea with absorbent action that dries the acne spots.

* Contains substances that break down grease, treating the facial skin thoroughly but gently.

Angel-Pure for problem skin – extremely effective against acne-causing bacteria.

Instructions for use: take a small amount of **Angel-Pure for problem skin**, apply to affected areas and massage gently. Recommended for use in the evening after washing the face with gentle soap. Suitable for regular use of several times a week, depending on the condition of the skin. Avoid direct contact with the eyes.

30ml e 1.00Fl.Oz

Cure de Mer

The Cure De Mer way

A kit containing two preparations: a gel and a cream.

Cure De Mer products are based on natural ingredients that are effective for relieving various skin irritations, such as dryness, flaking, redness, peeling, hyperkeratosis, etc.

The special formulas that have been developed after years of research combine ancient knowledge with advanced science and concentrated natural ingredients.

(Patented as an innovative treatment for relief of psoriasis)

Cure De Mer – Natural Propolis Gel with herbal extracts to soothe the skin.

A blend of medicinal herbs, propolis, 100% natural oils and pure aromatic oils with a delicate texture, made to a special natural and effective formula for immediate relief of dry or irritated skin, with natural moisturizers to nourish the skin.

All natural ingredients:

A. **Extracts of medicinal herbs** known for their positive effect on the skin: chamomile, rosemary, aloe vera and mallow, plus propolis, olive leaves, carob and fig extracts and more.

B. **Pure natural oils** that are rich in vitamins (Panthenol – pro-Vitamin B5, Vitamin E and others) and Omega 3+6+9, such as: olive oil, jojoba oil, grape seed oil, etc.

c. **Essential oils:** tea tree, lavender, eucalyptus and myrrh.

Grapefruit seed oil and wheat germ extracts are natural skin protectors which also contain antioxidants and essential active enzymes.

Peppermint oil and camphor oil give a **cool, refreshed feeling;**

Other active ingredients include Dead Sea water and minerals, natural fruit acids, glycerin, lecithin, natural alcohol and more.

Instructions for use: apply the gel to irritated skin morning and evening, massaging gently until fully absorbed. Can be used several times a day as required. For use all over the face and body. There is a cooling sensation for a few minutes.

For external use only! Not to be used on children. Licensed by the Ministry of Health.

Cure De Mer Natural Propolis Cream – multi-purpose for face and body, with Propolis, herbal extracts and natural oils!

Based on natural ingredients such as: beeswax, raw Propolis, honey, sesame oil and more – plus natural extracts and essential oils, such as: lavender, rosemary, jasmine, chamomile and more.

Instructions for use: apply the cream to clean skin two or three times a day, massaging well until fully absorbed.

For external use only! Not to be used on children. Licensed by the Ministry of Health.

General instructions for using the kit: Use daily, alternating a day with gel and a day with cream, for 90-120 consecutive days.

If there is any further outbreak, continue using the preparations. **Even when there is an improvement and the skin looks better**, continue use for at least 90-120 days.

Once all irritation and redness has disappeared, we recommend preventive treatment, applying the preparations once or twice a week to problem areas.

The gel and the cream complement each other.

Only combined use of both as explained above will give the desired results.

For external use only!

Not to be used on children or pregnant women.

Storage: store below 25°C, in a cool, dark place, out of the reach of children and infants. Do not expose to direct sunlight, and avoid lengthy exposure to the sun of areas being treated.

Licensed by the Ministry of Health – Tested in a recognized laboratory

As with any cosmetic preparation – sensitivity tests should be carried out: apply a small amount and wait at least 12 hours. If there is no allergic reaction, the preparations may be safely used.

Do not use if there is a known sensitivity to any of the ingredients.

Contains 50ml cream + 50ml gel (net weight)

* None of the above constitutes a medical claim. For any medical problem, seek the advice of a physician.

Reliever

Natural Propolis Gel

With natural herbal extracts to relieve and soothe pain*

The combination of herbal extracts and propolis with pure natural oils and aromatic oils, blended into a particularly refined texture, creates a special, natural and effective formula for immediate relief of pain*.

* Reliever Propolis Gel contains a combination of natural ingredients known in eastern medicine for their effectiveness in the fast relief of various types of pain, particularly back ache, stiffness after sport and energetic activity, and other aches**.

It can be used to relieve pain due to rheumatoid arthritis**.

* Soothes skin irritations and inflammations such as dryness, flakiness, redness, peeling, hyperkeratosis, etc.

Reliever Gel is particularly rich in concentrated natural ingredients such as:

Extracts of medicinal herbs and natural substances known for **positive effects on the skin**, calming irritated skin and for their general skin soothing effect: Chamomile, Rosemary, Aloe Vera and Mallow, olive leaf extracts, carob extracts, fig extracts. Plus propolis extract, glycerin and lecithin.

100% pure natural oils, particularly rich in vitamins, and omega 3+6+9, such as: olive oil, jojoba oil, grape seed oil, oblipicha oil, etc, that relieve skin dryness and help to refine, soften, moisturize and nourish the skin.

100% natural aromatic oils known for their natural effectiveness, such as:

, tea tree oil, lavender oil, eucalyptus oil, myrrh oil,

Natural Success anti cellulites cream

Anti-Cellulite Natural Cream

Based on Olive Oil, Natural Oils

Plant Extracts & Dead Sea Minerals

Contains 150 ml/ 5.25 Fl.Oz(Net.Wt)

Natural Success has been developed as a unique formula based on active natural ingredients that are recognized by the scientific community as helping to break down cellulite.

It is enriched with aromatic oils, citrus oils and natural materials such as **grapefruit oil** and caffeine, which are known to break down fats and are specifically active in removing cellulite.

Natural Success is especially rich in plant extracts that pamper the skin, such as chamomile, aloe vera, Mallow, seaweed and calendula.

Natural Success contains many 100% pure natural oils, such as olive oil and jojoba oil, which nourish and moisturize the skin, as well as vitamins and minerals from the Dead Sea that restore the skin's youthful elasticity and glow, while firming and smoothing areas of cellulite.

Expected results: After about 90 days of daily massaging with the cream, the skin will appear firmer and smoother, as the "orange peel" effect of cellulite gradually disappears, and you will be able to measure the difference with a tape!

Instructions: Apply a generous amount to the affected areas and massage until fully absorbed (a massaging device is recommended). For faster results, take plenty of exercise.

Baby Guard

BabyGuard 100% natural baby cream

Natural baby cream – **BabyGuard** is a unique concentrated 100%.
